Austin Jensen

I am a hardworking and motivated person that is willing to learn new skills and take on challenging tasks to extend my ability. I am a team member, but can also work well on my own. I enjoy tinkering with new technologies and helping with technical issues

Skills

Java - Python - C++ - Server Admin (Ubuntu) - PostgreSQL - Web Design - Photography - Photoshop/Lightroom - Microsoft Office Suite - Retail Sales - System Design - Embedde Systems Programming - PCB Design - Corporate Communication - Team Work

Employment History

Kodak Express Botany, May 2023 — Current

Working in a retail environment I have learnt how to deal with customers ensuring that they leave the shop with what they needed. My job involves printing photos, passport photos, selling camera equipment and other photo related products.

General Electronics Repair (Freelancing), 2023 — Current

I repair electronics for Kodak Botany, Fisher and Paykel Healthcare and other customers. These repairs range from simple single component repairs to large full board repair.

Fisher and Paykel Healthcare (Contracting, Indirectly through DB Sault Limited), 2020 — 2023, 2024 — Current

Contracting for Fisher and Paykel Healthcare, I have gained valuable skills on how a large corporate company works, having to design to a certain specification. Communicating regularly with people at the company to update them on the status of projects and queries about the project specifications.

Volunteering

Gear and Rentals for PhotoSoc at Auckland Uni, 2025

Managing and helping out with the photography club at university has taught me a lot about how a large club works. I manage the needs of diffrent events in regards to what equitment is needed.

Lead Student at Botany Downs Secondary College, 2023

Being a Lead Student at my high school has taught me a great amount on how to be a team player. I had to be reliable and responsible for this position.

IT Council for Blake Whanau at Botany Downs Secondary College, 2022-2023

I was the lead member of the IT Council, my roles included setting up equipment for assemblies. Running music for the Blake common room and assisting teachers with computer issues.
